

GREAT BRITAIN OPENS NEGOTIATIONS WITH REBELS

Huerta Snubbed by Foreign Office Treating With Carranza

BEST WEATHER OF YEAR ENJOYED BY TONOPAH.

The temperature in Tonopah at 8 o'clock this morning was 40 compared with 32 at Bishop, Cal., where it is usually 10 to 15 degrees warmer in winter than here, and 34 at Reno, where the altitude is 2000 feet lower. This makes this month the warmest in the history of the local weather station.

SMOOTHING OVER TWO DEATHS IN MEXICO WITH EXCUSES

HUERTA AND CARRANZA FIND THEY HAVE STIRRED A TEMPEST.

(By Associated Press.) WASHINGTON, Feb. 28.—Speculation is rife among high government officials over the general Mexican situation, especially report that Clemente Vergara was not hanged but shot by federalists.

ODDIE OBJECTS TO THE APPOINTMENT

GOVERNOR IS AGAINST CHOOSING ZEB KENDALL FOR FAIR SUPERINTENDENT.

CARSON, Feb. 28.—Governor Oddie stated that at Thursday's exposition board meeting he opposed and voted against the appointment of Senator Zeb Kendall as superintendent of the Nevada exhibit. His reasons he said, are that in his opinion no necessity has arisen for the appointment of a superintendent, and that, inasmuch as Senator Kendall was a member of the legislature which passed the exhibition bill, his appointment to any position mentioned in the act, where any salary is proposed to be paid, as in this instance, is in violation of the constitution.

BALLOT-BOX STUFFER SENT TO MAD-HOUSE

(By Associated Press.) CHICAGO, Feb. 28.—Joseph C. Mackin, a prominent figure in Chicago politics, was adjudged insane in the county court today.

CHINESE STATESMAN SLAIN

TIENSIN, Feb. 27.—General Chao Ping Chun, a noted statesman, after having been ill a few hours died. He held many high offices. It is believed he was assassinated by poison.

Lust for Money Is Sole Motive

(By Associated Press.) BOSTON, Feb. 28.—Financial profit from the business of prostitution is the principal reason of its existence. No other form of criminal offense so flagrant open and harmful would be tolerated, reads a report submitted to the legislature by a commission which investigated 75 cities.

EXPEDITION INTO THE ANTARCTIC SEAS WILL SAIL IN AUGUST

(By Associated Press.) LONDON, Feb. 28.—The steamer Discovery, which the late Captain Scott used in his first Antarctic voyage, has been chartered by the British Antarctic expedition which is to be commanded by J. Foster Stackhouse, and will leave London about the first of August for the far south.

PERSONAL

Comings and Goings of Local People and Others.

MRS. JOHN O'CONNELL left this morning for Long Beach. W. H. BLACKBURN, Superintendent of the Tonopah Mining Company, is back from his trip to Reno. MISS SOPHIE FETTER came in with her two brothers from Coberg, Oregon, and left for Round Mountain by auto.

RAY HARRIS has signed with the Vernon ball team and left this morning to report at training headquarters at Los Angeles.

A. H. WARREN, a Mason hotel man who was married yesterday to Miss Gertrude Lindsay at Mason, is here with his bride spending the honeymoon.

W. F. LILLY, one of the best known boatmen on the coast, arrived this morning from San Francisco to enter the employment of W. B. Elliott, the merchant tailor.

MRS. TOM PEPPER and family accompanied by Miss Effie M. Mack, who teaches at Mina, came in yesterday afternoon by auto and continued on to Goldfield this morning.

C. W. ANDERSON, an old time rancher of Round Mountain, accompanied by his wife, left this morning for San Francisco, where Mr. Anderson will enter the Lane hospital.

MRS. FRANK BLACK was a passenger this morning for her old home in Placerville. Mr. Black has been engaged by Frank Cavanaugh to take charge of the mill at Juniper, and will leave for that place as soon as lodgings can be erected.

MISS LUCY M. LYNCH, sister of W. A. Lynch, master mechanic of the West End mine, left yesterday for San Francisco and Los Angeles, en route to her home in Youngstown, Ohio. Miss Lynch's fine personality won her many friends, who regret her departure very much.

DAN PASSBY, the 13-year-old son of Mr. and Mrs. O. L. Passby, was operated on this morning by Drs. McLeod, Cunningham and Richards for appendicitis. The condition of the patient is very grave. He was taken sick last Sunday and a physician was not called until Thursday as no alarm was felt.

SYMPATHIZED WITH THE UNION ATTORNEY SAYS

(By Associated Press.) TRINIDAD, Feb. 28.—D. M. Haddon, assistant district attorney, was charged with political interferences in Las Animas county by officers and employees of the coal companies, before the congressional investigators of the strike. Later he admitted his sympathies were with the union.

PUBLIC HEARING IN MICHIGAN CONTINUES

(By Associated Press.) HANCOCK, Mich., Feb. 28.—Congressmen investigated the stamp mills at Lake Linden. Public hearing will be resumed at Houghton Monday.

Congoland breeds a little native sheep which is without wool.

of King Edward VII Land on one side of the Antarctic circle, and Graham Land on the other. Between these two sections of discovered land stretches a vast and practically unexplored region.

The existence of Graham Land, and of Coats Land, Enderby Land and Kemp Land on the Atlantic border of the great ice barrier, as well as the discovery of land south by Lieutenant Filchner of the German expedition in 1911, support the continental theory. On the other hand the great area of pack ice massed on the north and east coasts of King Edward VII Land points, Mr. Stackhouse suggests, to the drift of ice northward from the Weddell sea to the Ross sea, presumably through a strait separating King Edward VII Land from Graham Land.

The crew of the Discovery will consist of 25 men and in addition there will be five scientists several of the ship's officers also undertaking scientific observations. They will have an aeroplane for photographic survey work and this too will be useful in enabling the leader to choose the best route when he wants to advance.

The expedition will be away for three or four years. From Capetown where the scientific instruments will be finally tested, the Discovery will sail to the Falkland Islands, a distance of about 5000 miles. Deep-sea soundings, which will have considerable hydrographical value, will be taken in these little frequented seas.

THREE MINERS ACCUSED OF A TRIPLE MURDER

SHERIFF SAYS ONE OF THE PRISONERS ADMITS HAVING USED RIFLE.

(By Associated Press.) HOUGHTON, Feb. 28.—John Huhta, Nick Verbenas and Joseph Junius, of the Western Federation of Miners' members, and officials, were arrested, charged with the murder of three non-federated miners at Painesville, December 7th.

Huhta confessed, according to the sheriff, that high power rifles were used.

CINNABAR SAMPLES SHOWN BY PEPPER

MRS. PEPPER BRINGS SOME SPECIMENS IN FROM CLAIMS NEAR MINA.

Mrs. Tom Pepper, who came in yesterday and was the guest of Mr. and Mrs. Dick Davis brought in a sample from the big strike made in the property located by Pepper & Keogh. The specimen was picked out from the bottom of the shaft by Mrs. Pepper and is probably the richest piece of cinnabar ore ever seen anywhere. The content represents 75 per cent or a money value of \$735 a ton. Another specimen of antimony carried \$48 in gold and \$11 in silver. This was taken from a separate ledge.

Pepper and Keogh are now running a tunnel to cut the ledge which they expect to cut in the shaft at a depth of 30 feet. The partners have saved some high grade ore from the shaft and one afternoon they estimate they took out \$1000 worth. They are figuring on erecting a furnace.

TEMPERATURE REPORT

Highest temperature yesterday, 33; a year ago, 29. Lowest temperature last night, 40; a year, 14.

He is good to company with through the day, for he has known darkness and light and the minds of many men.—Michael Fairless.

CRITICISM FROM ELKO AND NOT CARSON CITY

Comment on the "History of Nevada," by Sam Davis, reprinted in the Bonanza editorial columns last Thursday and credited to the Carson City News, should have been credited to the Elko Free Press, whose editor cannot be accused of having any personal bias or satisfying a local grudge. This explanation is made in deference to the respective editors who are entitled to their own opinions and neither of whom cares to be burdened with the cares of the other.

BREAK DOWNS IN VANDERBILT CUP RACE, SANTA MONICA

OLD SOLDIER STEPS OUT IN THE PATH OF RACER AND IS CAUSE OF CRASH.

(By Associated Press.) SANTA MONICA, Feb. 28, 4 p. m.—Pullen, first; Anderson, second. Marquis was probably fatally hurt at about the two hundredth mile when he took a curve at an 80-mile rate. While waving his hand to the crowd his car overturned, fracturing his skull. His mechanism was hurt slightly.

Pullen's time was 5:13.9, which is a record.

SANTA MONICA, Feb. 28.—Wishart after leading three laps by 11 miles, burned his bearings on the 23rd lap of the Grand Prix race and dropped from the race. De Palma taking the lead. Oldfield, Anderson, Pullen, Wishart and De Palma had been battling for several laps, bunched, at a speed of over 80 miles an hour.

Tetzlaff and Goode each broke a connecting rod on the 18th lap and dropped from the race. Muth went out in the 13th, Lewis in the 21st, and Verbeck in the 11th.

Tetzlaff started first at 10 o'clock. The other 16 followed at 15 seconds intervals. Tetzlaff had incessant tire trouble, causing frequent stops. Carlson broke a crankshaft before the race began and was eliminated. Rounding a turn at the Old Soldiers' Home, a veteran stepped on the track. Pullen swerved to avoid a crash, hit the curb and lost two tires.

POPULAR MEAT CUTTER RETURNS WITHOUT BRIDE

Ed Smith, the popular meat carver of the T. & G. meat market, was an arrival this morning, after an extended visit of several months back east. Ed was a representative of the Amalgamated Meat Cutters' Association of North America, and being the only representative from the coast, was delegated to look after the interests of the association on the coast. He says the high cost of living out west is only a shadow of what it is in the east. He is glad to be back home again and his friends, who are legion, are ready to give him welcome. Ed did not bring his bride with him.

PARIS APACHES GET AWAY WITH BIG ROLL

(By Associated Press.) PARIS, Feb. 28.—Over \$200,000 was stolen from a postoffice van at a railroad station. The police have suppressed all details.

NEW ACADEMY FOR RENO.

RENO, Feb. 28.—The Dominican sisters have bought ground for the erection of a \$50,000 academy for higher education.

Dr. Hubert Lyman Clark, a Massachusetts zoologist, who has just returned from a tour of the South seas, says that New Zealand's Utopia has collapsed. There are now many strikers in that "strikeless" country.

BOY WITNESS WHO SAW BENTON ENTER HEADQUARTERS OF VILLA AND EMERGE WITH GUARDS

(By Associated Press.) NOGALES, Feb. 28.—The British foreign office is believed to have asked Carranza to explain the Benton execution, making its representation through American representatives.

Carranza refused to confirm or deny the report. Surprise is expressed, because Great Britain is supposed to have diplomatic relations only with the Huerta government.

Carranza said he had no late reports on the Benton matter.

LAREDO, Feb. 28.—Vergara's friends are doubtful if Huerta will punish federalists responsible for the death of Vergara, because his power over isolated troops is limited, and nominal only. Location of the body is still unknown here.

EL PASO, Feb. 28.—The story of Albert Weiss, a German boy, who claims he was present at Villa's headquarters when Benton was killed, was told to Perceval, the British consul at Galveston. The boy applied at Villa's office for a job as cook. While awaiting an interview he said he saw a man answering Benton's description enter. Two hours later he saw a man brought out with the guards supporting him. No shots were fired. The prisoner was taken away.

BROWNSVILLE, Feb. 28.—Fifty federalists and three officers were captured on a bridge between Monterey and Nuevo Laredo and constitutionalists executed the officers. The bridge was destroyed cutting off railway communication.

LAREDO, Feb. 28.—A Detachment of federalists stationed at Hidalgo, near the scene of Vergara's execution, have evacuated, having been ordered to another station. This movement, it is feared, will hamper the investigation of the killing.

BLACKTHORN CAMP IS LATEST NAME IN CACTUS RANGE

PAT McAULIFFE HAS A GOOD SHOWING IN SHALLOW HOLES.

A gold and silver strike was made very recently in southeastern Nye county by Pat McAuliffe, who is well known in Tonopah, having worked as a miner in and around here and Goldfield for more than 10 years.

Along the range south from Cactus well at present prospectors are all in their glory with the coming of spring and lots of encouraging showings at different points from Cactus, and seven miles south, a man named Bailey got streaks of ore running as high as \$160 gold and silver. Three miles south a well-known prospector named Hinds found ore on his ground, known as the White Elephant group, running as high as \$40 gold and silver. Four miles farther south at the newly discovered camp of Blackthorn, a prospector named Dick McAuliffe, who has been on the hills continuous for the past year, struck a large body of average grade silver-ore, running as high as \$61.66. It is only two weeks ago that this discovery was made and McAuliffe started work by stripping the ledge for a distance of 35 feet. The ledge shows chloride of silver and gold for the 35 feet along its course. Then he trepanned across the ledge from the foot to the hanging-wall and the assays showed \$10.14, about equal in gold and silver. A sample across three feet on the hanging-wall averaged close to \$10. A streak on the footwall side of the ledge, 16 inches wide, assayed \$61.66, 42 ounces gold and \$8.75 ounces silver.

The discovery is 25 miles east from Goldfield and three miles west from the camp of Antelope, close to the Antelope road. The nearest water supply is at Antelope. Wood is plentiful about a mile east.

Sheriff Ingalls of Goldfield has a property two miles south which has a shaft down 100 feet. Fire Chief Ringer owns a property adjoining, as does also Jack Jordan. At present McAuliffe has started to sink a shaft on the ore.

WEEKLY SHIPMENTS OF TONOPAH MINES

	Feb. 21	Feb. 25
Belmont	3,863	3,350
Tonopah	2,200	2,300
Tonopah Ex	2,200	1,173
Montana	998	993
West End	1,160	1,135
MacNamara	223	265
Jim Butler	250	450
Midway	50	50
North Star	275	275
Total	10,009	10,891
Value	\$249,540	\$263,735

Part of her charm, perhaps, has always lain in the fact that she has a domestic couple of her own, and so was endlessly ready for those of other people.—Mrs. Humphry Ward.

ELEVEN REGULAR SHIPPERS ZINC AT GOODSPRINGS

NEVADA MINES RAPIDLY INCREASING BUSINESS AND FACILITIES.

Joseph Dedericks, a well-known and successful western mining man, is president and general manager of the St. Anthony Mining Company, whose copper mine is in the Yellow Pine mining district, Clark county, Nevada, on the slope of Columbia mountain, about two and one-half miles west of Goodsprings and eight miles from the Salt Lake Route. The property consists of seven claims, or about 140 acres.

Shipments from December 28, 1913, up to and including January 22, 1914, amounted to 32 carloads, aggregating 1,853,696 pounds, showing net returns, after paying freight and treatment charges, of \$25,648.17, or an average of \$27.75 per ton net.

Early in October of last year important improvements were undertaken, all of which have been completed. They consist of an aerial tram about 900 feet long, connecting with the ore bin on the main road to Jean. The building of ore bins, the installation of a large Fairbanks-Morse hoist, galloways frame at the upper workings, new automatic skips, etc.

Development work is being carried on in two places. Since the St. Anthony was incorporated, the principal work has been done in what is known as the upper or new workings on the east end of the Columbia claim. On January 20th the incline shaft was down about 175 feet. There is a crosscut on the 150-foot level, which is all in ore. In fact, wherever any development has been done, ore has been brought into sight with an average of from 5 to 15 per cent copper, and there is now eight feet of solid ore on the 150-foot level which will go better than 12 per cent.

The Yellow Pine district is making rapid strides, and the following well-known properties are regular shippers: Yellow Pine, St. Anthony, Monte Cristo, Potosi, Anchor, Bullion, Singer, Hoosier, Keystone, Porter-Palace, Frederickson and others. The incoming and outgoing business of the Salt Lake Route at the little station of Jean amounts to more than \$1600 a day. A movement is on foot by important financial interests to build a smelter to handle the ores of this district.

TONOPAH BUTTER RIGHT UP TO THE MARK

Tonopah has made a new record for itself from the standpoint of pure foods. Prof. C. S. Dinwiddie of the state food department says every pound of butter in Tonopah contained 16 ounces; that all the scales balanced and that everything was in fine shape. On other occasions a little short weight butter was found.

WORLD TOURNEY BALL PLAYERS LEAVE LONDON

(By Associated Press.) LONDON, Feb. 28.—The American colony, British sportsmen and a huge crowd bid farewell to the American baseball world tourists.

Read the Bonanza Want Ads.

WAGON TRAMPS WORK PEOPLE OF TONOPAH

ROUND MOUNTAIN GAVE FREELY TO THE MAXWELLS BEFORE COMING HERE.

Round Mountain citizens are indignant over the reports circulated by the Maxwell family that arrived here in an apparently destitute condition. Maxwell said he had received only \$4.50 from a Round Mountain collection when he was given \$50 and sent on his way rejoicing. The party was allowed the use of the town jail and went away leaving all kinds of good warm clothing contributed by the generous people of the camp.

The real name of the family is Mikesell and it is presumed that they are professional tramps working public sympathy as their graft. That they are old timers at the business is shown by the fact that they were dressed in rags and that the children's feet were sticking out of their shoes. The clothing donated by Round Mountain people included all kinds of good garments, underwear and heavy overcoats.

LECTURE ON BASKETRY AT BARTLETT HALL

This evening Mrs. Cohn of Carson City under the auspices of the Tonopah Woman's Club, will lecture on the Indian art of basketmaking at Bartlett Hall.

EIGHTH BEATS THE SEVENTH.

The eighth grade defeated the seventh grade of the high school building this morning at baseball by a score of 7 to 5. The seventh boys say they had the eighth outclassed but lost because luck was against them.

Woman Taken to the Death House

(By Associated Press.) LITTLE VALLEY, N. Y., Feb. 28.—Mrs. Cynthia Buford, convicted in the first degree for the murder of her husband by poison last night, was taken to the death house at Auburn penitentiary, where she was sentenced to be electrocuted in April.
